

**Preparation makes
perfect for the
ABFAS Exam**

Board Review Course January 24–27, 2018

Offered via:

- 1) Marriott Philadelphia Airport, Philadelphia, PA, OR
- 2) Online in Real-Time from your home/office

28 CE Contact Hours

Proud Metallic Sponsors of the Goldfarb Foundation:

This course is designed for those preparing for ABFAS Foot and Rearfoot Certification and Qualification. Those recertifying with ABFAS and qualifying, certifying, or recertifying with ABPM and/or ABMSP have also found the course helpful.

Things to Note for the 2018 Course:

- Registration ends for the Online Board Review Course on **January 4**. After that date, registrations cannot be accepted for the Online Course.
- Registration ends for the Classroom Board Review Course on **January 18**. After that date, registrations cannot be accepted for the Classroom Course.
- **No on-site registrations will be accepted for the Classroom Board Review Course—there cannot be any exceptions to this policy.**
- All registrations for either the Classroom or the Online Course must be done online at www.goldfarbfoundation.org with a credit card. If you are a resident who is registering for the course, and the residency program is paying your registration fee, make them aware of this policy so they can make the necessary arrangements to pay with their credit card.
- When registering online for the course, it is strongly recommended that the person attending the meeting be the person doing the registering. Once your registration is submitted, no changes can be made to your selections. This is extremely important when selecting the version of the Study Guide that you prefer (hardcopy or eBook).
- When registering, you can select to have your hardcopy Study Guide mailed to you in advance of the meeting for an additional \$25. If you select to receive the eBook version of the Study Guide, an e-mail with download instructions will be sent to you within one week. Again, once you register and select the version of the Study Guide that you would like, no changes can be made to your registration.
- Due to the digital nature of many aspects of the Board Review Course, the Goldfarb Foundation is unable to allow ANY cancellations or refunds for this meeting. If you register and are unable to attend the meeting for any reason, we are unable to refund your registration fee. If you find a replacement to attend the meeting in your place, they will not be issued additional copies of Boards by the Numbers®, Board-Master software, or the 13th Edition Study Guide, and the original registrant will be the person who receives access to the raw videos of the lectures after the conclusion of the conference.

Recertifying for ABFAS in 2018? The Online Recertification Prep Course is designed for surgical podiatrists who will be recertifying in 2018 and prefer to study at their own pace. It is a self-paced study program combining our online lectures (from previous Board Review courses), the Foundation Study Guide, Mock Written Exam, and *Boards by the Numbers* software. Pricing for the course varies based upon which format of the Study Guide is selected.

Price Level	Online Lectures	13th Edition Study Guide & Format	Mock Written Exam	Boards by the Numbers (BBTN)
\$999 Most Popular	YES	Choice of Either Hardcopy OR eBook	YES	YES
\$1,099	YES	Both Hardcopy AND eBook	YES	YES
\$799*	YES	NO Study Guide Included	YES	YES

*ONLY for those who already own a 13th Edition Study Guide

To purchase the Online Recert Prep Course
visit www.goldfarbfoundation.org

Who should register for this meeting? This meeting is primarily designed for those preparing for an ABFAS exam, and can be helpful to those preparing for the ABPM or ABMSP exam. It offers a comprehensive review of basic podiatric medical/surgical procedures and information. By taking this course, it in no way guarantees the attendee will pass their exam. This course is not intended for those taking the American Podiatric Medical Licensing Examination (APMLE) Parts I, II, or III. Past attendees have included those who need to earn a large number of CE Contact Hours, DPMs preparing for state licensing boards, and those podiatrists who want an overall review of podiatry.

What are the differences between the Classroom and Online versions of the course? Whichever way you participate in the 2018 Board Review Course, you'll be watching the lectures live, in real-time. The main difference between the versions is your location. You can choose to travel to Philadelphia or stay at home and watch the lectures on your computer, live. The Classroom Version is the only aspect of the Board Review Course that offers the CBPS Experience.

The Online Course registration will end on January 4, and does not have a limit to the number of participants. The Classroom Version registration will end on January 18, and at-door registrations WILL NOT be accepted.

If I am recertifying in 2018 or 2019, what should I do? If you are recertifying in 2018, we suggest the Online Recertification Prep Course, a self-paced study program combining our online lectures, recorded at previous Board Review courses, the Foundation Study Guide book, and Boards by the Numbers software. See preceding page and visit www.goldfarbfoundation.org for more details.

If you are recertifying in 2019 or later, we recommend you attend the Board Review Course the year before you plan to take your test. The course will provide you the information you'll need for your exam, and give you the tools to study the year in-between the course and your test.

I already registered for the course and now found out I can't attend. How can I cancel my registration? There are no cancellations or refunds for the 2018 Board Review Course, either classroom or online versions. If you find a replacement to attend the meeting in your place, they will not be issued additional copies of Boards by the Numbers, Board-Master software, or the 13th Edition Study Guide, and the original registrant will be the person who receives access to the raw videos of the lectures after the conclusion of the conference.

How do I receive my Boards by the Numbers and Board-Master software? When the Foundation receives your course registration, the membership category you selected will be verified and your registration processed. Your contact information will be sent to both BBTN and Board-Master and they will in turn each send you a separate e-mail with access instructions. Please allow 2 weeks from the day of registration for this process to occur and to receive the e-mails from BBTN and Board-Master. If you have not received your instructional e-mails 2 weeks from the date you registered for the course with the Foundation, please contact the appropriate company directly: BBTN at aedallalio@gmail.com; Board-Master at admin@board-master.com.

The Board Review Course gives you the tools you need to pass your exam: medical knowledge, practice time with CBPS software, and tips on knowing what to expect when taking your exam.

Schedule

Wednesday, January 24

Lectures

9:00 a.m. – 6:15 p.m., Eastern

Thursday, January 25

Lectures

8:00 a.m. – 4:15 p.m., Eastern

Anatomy of a Question*

4:15 p.m. – 7:00 p.m., Eastern

CBPS Experience**, #

Pharmacology

Plastic Surgery Techniques (Flaps)

PVD

Rearfoot and Ankle Surgery/Flatfoot

and Cavus Foot

Rheumatology

Soft-Tissue Masses

Tendons/Tendon Transfers

Torsional/Rotational Deformity Ankle,

STJ/MTJ Relative To Surgical Intervention

Traumatology

Ulcer Management and Wound Healing

CE Hours & Scanning Times 5

Classroom Attendees: All scans will take place at the registration desk. The Foundation uses an electronic name badge scanning system for the classroom course. Meeting attendees will receive a name badge at check-in, which has a barcode on it. Attendees will be required to get their badges scanned two times each day in order to earn the maximum number of credits allowed for that particular day.

Online Attendees: Attendance for online participants will follow the below schedule. The software that the Foundation uses for the online course will take attendance via a polling widget and this information is used to determine your CE Contact Hours. Attendance verification can also occur randomly throughout the meeting via roll-call to ensure participation.

Wednesday, January 24, 2018

Scan 101: 12:00 p.m. – 12:15 p.m. (to earn 2.75 CE Contact Hours)

Scan 102: 6:15 p.m. – 6:30 p.m. (to earn 5.0 CE Contact Hours)

Total # of CE Contact Hours that can be earned on Wednesday: 7.75

Thursday, January 25, 2018

Scan 201: 12:00 p.m. – 12:15 p.m. (to earn 3.75 CE Contact Hours)

Scan 202: 7:00 p.m. – 7:15 p.m. (to earn 4.0 CE Contact Hours)

Total # of CE Contact Hours that can be earned on Thursday: 7.75

Friday, January 26, 2018

Scan 301: 12:15 p.m. – 12:30 p.m. (to earn 4.0 CE Contact Hours)

Scan 302: 5:30 p.m. – 5:45 p.m. (to earn 4.0 CE Contact Hours)

Total # of CE Contact Hours that can be earned on Friday: 8.0

Saturday, January 27, 2018

Scan 401: 10:00 a.m. – 10:15 a.m. (to earn 2.0 CE Contact Hours)

Scan 402: 12:45 p.m. – 1:00 p.m. (to earn 2.5 CE Contact Hours)

Total # of CE Contact Hours that can be earned on Saturday: 4.5

Total # of CE Contact Hours available for entire course: 28.0

At the conclusion of this course the attendee shall be able to:

1. Assess the various surgical options available to patients for a variety of foot and ankle complications.
2. Apply wound care treatments for the care of both diabetic and non-diabetic patients.
3. Classify the many maladies associated with general podiatric care, including gait, dermatology, foot types, and medical imaging.
4. Test acquired knowledge and skills utilizing the Computer-Based Patient Simulation (CBPS) software.

Meeting Information

The Classroom Version is ideal for those participants who need the CBPS Experience and learn best in a physical classroom setting.

The Classroom Version of the 2018 Board Review Course will occur at the Marriott Hotel, Philadelphia Airport. The hotel is directly attached to the airport (code: PHL) via skywalk so no ground transportation is necessary.

The course offers up to 28 CE Contact Hours (see page 5).

Included Meals & Breaks

Continental Breakfast: Wednesday–Saturday

Lunch and an Afternoon Break: Wednesday–Friday

Note that dinner each evening is on your own.

www.goldfarbfoundation.org

January 18; no on-site registrations accepted

Registrants for the online version will log onto a website operated by our partner company, Digital Samba, and view a screen that shows the lecturer, their PowerPoint presentation, and have the ability to ask questions, all LIVE and in real-time.

Online CE Contact Hours

It is the attendee's responsibility to know his or her state's CE requirements in regards to accepting CE credits earned online in real-time. It is recommended that those interested in taking the online version consult their state's licensing board for specific regulations about accepted real-time, online course CE contact hours. The Foundation is not responsible (nor required to know each state's standards) for attendees who take the course online, and risk having their credits denied, without first contacting their state for approval requirements.

Attendance Verification

Attendance for online participants will follow the same schedule (page 5) as the Classroom Version. The software that the Foundation uses for the online course will take attendance via a polling widget; this information is used to determine your CE Contact Hours. Attendance verification can also occur randomly throughout the meeting via roll-call to ensure participation.

COPYRIGHT POLICY: It is illegal to reproduce, share, or distribute items related to the Goldfarb Foundation's Review Course, including the online lectures, handouts, and study materials. Criminal copyright infringement, including infringement without monetary gain, is investigated by the FBI and is punishable by fines and federal imprisonment.

Review Technical Requirements Before Registering

- 1) Registrations must be received by **JANUARY 4, 2018**.
- 2) High Speed Internet connection is a requirement; you **MUST** be able to connect your computer directly to the router—no exceptions allowed.
- 3) Dial-up, WiFi, or satellite Internet prohibited.
- 4) If you have a WiFi Internet connection, you must be hard-wired to the modem for maximum event quality. If you choose not to be hard-wired to your modem and use a WiFi connection, Digital Samba will not troubleshoot any problems you encounter during the meeting.
- 5) The Internet connection must be through a PC or MAC, no Tablets.
- 6) Working sound/audio on the computer.
- 7) A working knowledge of the Internet and computers—how to click on links, download items, reboot your computer, adjust your computer's connections, and settings—is necessary.
- 8) Approximately one month prior to the meeting, online course registrants will receive details on how to test Internet connection and verify ability to properly participate in the online version. Those testing dates/times are tentatively scheduled for Wednesday, January 11, at 7:00 p.m., Eastern, and Thursday, January 12, at 10:00 p.m., Eastern. Registrants for the online course should plan to be available for one of those two sessions; more details will be included in your confirmation e-mail and in event communications.
- 9) Any questions regarding your computer or your Internet capabilities to participate in the online program, please contact David Segal directly at Digital Samba, 717-577-4727.

The Foundation Study Guide 13th Edition— eBook Format also Available!

This all-encompassing outline-formatted study guide book—detailed and categorized into 38 chapters—was just redesigned, every illustration redone, and majority of chapter content revised/updated in 2016, with 600+ pages. It is the standard text when studying for the ABFAS and ABPM exams, available in hardcopy or in eBook format for studying on-the-go. If you cannot participate in the 2018 Review Course, visit the online store at www.goldfarbfoundation.org to order your Study Guide today. The cost is \$350 if purchased without registering for the course, plus a \$10 shipping & handling fee; eBook is \$300.

Table of Contents

CHAPTER 1:	Emergency Medicine	CHAPTER 21:	Surgery of the Congenital Foot
CHAPTER 2:	Anesthesia	CHAPTER 22:	Generalized Disease Conditions of Bone
CHAPTER 3:	Perioperative Management	CHAPTER 23:	Radiology
CHAPTER 4:	Preoperative Evaluation	CHAPTER 24:	Hallux Valgus and Related Disorders
CHAPTER 5:	Postoperative Care and Complications	CHAPTER 25:	Trauma of the Foot and Ankle
CHAPTER 6:	Infectious Diseases	CHAPTER 26:	Digital Deformities and Surgery
CHAPTER 7:	Wound Healing	CHAPTER 27:	Muscle and Tendon Pathology
CHAPTER 8:	Plastic Surgery	CHAPTER 28:	Lesser Metatarsal Surgery
CHAPTER 9:	Bone Healing	CHAPTER 29:	Ankle Conditions
CHAPTER 10:	Burns and Frostbite	CHAPTER 30:	Heel Pain

CHAPTER 12:	Osseous Tumors	CHAPTER 32:	Biomechanics
CHAPTER 13:	Dermatology	CHAPTER 33:	Anatomy
CHAPTER 14:	Rheumatology	CHAPTER 34:	Soft-Tissue Tumors
CHAPTER 15:	Peripheral Vascular Disease	CHAPTER 35:	Physical Medicine and Rehabilitation for the Management of Foot Conditions
CHAPTER 16:	Internal & External Fixation	CHAPTER 36:	Arthroscopy
CHAPTER 17:	Nail Disorders and Surgery	CHAPTER 37:	Laser Applications in Podiatric Surgery
CHAPTER 18:	Neurology	CHAPTER 38:	Radiological Pathology (Specific Radiological Studies)
CHAPTER 19:	Pediatrics		
CHAPTER 20:	Pharmacology		

FREE Post-Conference Recorded Lectures

For all Review course registrants, the Foundation will be allowing you to watch the recorded lectures for free after the event. Available for viewing from **February 8 – June 1, 2018**, the lectures will be posted on the Foundation's website at www.goldfarbfoundation.org; simply visit the Review Course Info page (see title bar at top of page) beginning February 8, using a PC or laptop with Internet access, and view the lectures at your leisure. More information will be included in your handout binder.

PowerPoint Handouts

All speakers are required to provide handouts of their PowerPoint presentations. All handouts received in advance of the course will be compiled into an easy-to-follow, three-ring binder, which will be distributed to each attendee during check-in. Any additional handouts presented during the course will be posted on the Foundation's website for you to download. The purpose of the handouts is to guide attendees in taking notes; speakers are apt to present accompanying information not contained in them. The handouts are NOT available for sale as they are intended to be used along with the lectures as a supplemental study aid.

Early Access to Handouts

The Foundation will be offering early access to the Review Course PowerPoint handouts—

- From **January 11, 2018, through June 1, 2018**, attendees who have registered for either Board Review Course versions can download PDF files of the PowerPoint presentations.
- Ability to download full-color, one slide per page, versions of the PowerPoints from the meeting.
- Three-ring binder of black and white handouts (six slides per page) will still be received at the Conference itself or mailed in advance to online participants.
- More information and details on how to access the PDFs will be included with the confirmation e-mail that you receive once your registration has been processed.

The pace of the Review Course is designed to be brisk because it provides as much pertinent information to you as possible. Sit down, buckle up, and hold on—it's going to be a great 3.5 days of learning!

Boards by the Numbers® Software

Included with All Board Review Course Registrations:

Cloud version of Boards by the Numbers. An easy-to-use software program designed to help podiatrists prepare for the American Board of Foot and Ankle Surgery exam. The software includes a comprehensive set of board-focused notes, over 300 pages; high-resolution graphics (MRIs, X-rays, color pictures); practice exams, with over 870 questions; and a CBPS section designed to help you develop an organized approach to the computer-based-patient-simulation software, including an overview of the CBPS and a “walk through video.” The program is now a Cloud application and accessible anywhere, anytime on multiple devices, such as MACs, PCs, iPads, iPhones, and other mobile devices. Please visit Certifiable Inc.’s website at www.certifiable.com or call (513) 347-0004 for more information and requirements (see below for minimum requirements).

Important Information and Requirements:

- Access to your subscription will be sent to you from aedallalio@gmail.com within 2 weeks of registering for the course.
- A one-year subscription is included with full-course registration. Information on registering your subscription will be included in the registration e-mail.
- The e-mail address you provide when registering for the course will be used to send your Boards by the Numbers subscription information, so make certain you type in the correct e-mail address.
- If you are interested in purchasing the software without registering, call Anthony E. Dallalio, DPM, FACFAS, at the number listed above.
- The software requires Internet connection, a mobile phone for 2 Factor Authentication, and is browser dependent, so please visit www.certifiable.com and learn more about it.

Board-Master CBPS Software

Included with All Board Review Course Registrations: The Board-Master, Computer-Based Patient Simulation (CBPS) software, is designed to prepare you for the new format of the Mock Oral questions. CBPS practice questions comprise a substantial portion of the surgical board exams. Navigating them successfully is critical to becoming Board Certified. Board-Master software is singularly geared to teach you how to navigate these types of questions confidently. Information about the set of questions will be sent via e-mail with access information **within 2 weeks of registering for the course.** Classroom/Online Review Course attendees will access the CBPS questions through the Board-Master website. At the time of registration for the meeting, you will be able to request either two rearfoot or three forefoot questions. Questions about the software can be directed to admin@board-master.com or visit www.board-master.com.

NEW for 2018: More Laptops for the CBPS Experience and Condensed Lecture Topics!!

CBPS Experience

The Foundation is keeping in line with the new format of the Mock Oral questions for the Board exams by including Computer-Based Patient Simulation (CBPS) mock questions with Classroom version registrations. The CBPS Experience replaces the Mock Oral Consults, and utilizes the Board-Master software program.

These computer-based questions are scheduled in 30-minute sessions from 7:15 p.m.–9:00 p.m. on Thursday, January 25. Each Classroom attendee who registers to participate in the CBPS Experience will receive one Computer-Based Patient Simulation question per session from the Board-Master question bank.

Registrants are not automatically signed up for their complimentary CBPS Experience. When you register online, you are required to choose whether you want to take advantage of this or opt-out. One additional session, with one CBPS question, may be purchased at \$250.

CBPS Experience-Only

The CBPS Experience-Only is designed for those who do not need to attend the entire Review Course but instead want to focus only on preparing for the CBPS aspect of ABFAS certification. The CBPS Experience-Only participants are scheduled in back-to-back, half-hour increments beginning at 7:15 p.m. on Thursday, January 25.

The CBPS Experience-Only session is comprised of:

- Two sessions, each session lasting one half-hour for a total of one-hour for the two sessions.
- Within each session, you will have the opportunity to complete one CBPS question.
- From the bank of Board-Master questions, you will be able to select from a Rearfoot, Foot, or BONUS question (applies to both Rearfoot and Foot).
- Participants can purchase one additional session for \$250, which would be one additional question from those listed in the bullet point above. If you do not need to practice with a Rearfoot, Foot, and BONUS question, you should not add the additional session to your registration as only a total of three questions will be available.
- Those who purchase the CBPS Experience-Only may participate in the “Anatomy of a Question” lecture on Thursday, January 25, from 4:15 p.m.–7:00 p.m. **No CE Contact Hours are available for CBPS Experience-Only participants.**

Lecture Library

The Online Lecture Library contains lectures recorded during previous Board Review courses. The purpose of the Lecture Library is to provide study aids to those preparing for their ABFAS, ABPM, or ABPMS exams but cannot participate in the Board Review Course. These lectures are also a great way to earn a lesser amount of CE Contact Hours for re-licensure purposes.

The lectures range from .5 (30 minutes) to 1.5 CE Contact Hours (1 hour, 30 minutes). From the time of purchase, you will have 30 days to watch the lecture (viewed on the Foundation's website) and complete the quiz to earn the credits.

**Purchase & Watch Online 24/7 at

\$360 (includes \$10 S&H)—for those NOT participating in the Board Review Course. Visit www.goldfarbfoundation.org to order.

Confirmation E-mails

Confirmation E-mails will be sent to ALL ATTENDEES. If you do not receive a confirmation e-mail within two weeks of registering, call the Goldfarb Foundation to verify registration was received.

Cancellations & Refund Policies

Due to the digital nature of many aspects of the Board Review Course, the Goldfarb Foundation is unable to allow ANY cancellations or refunds for this meeting. If you register and are unable to attend the meeting for any reason, we are unable to refund your registration fee. If you find a replacement to attend the meeting in your place, they will not be issued additional copies of Boards by the Numbers, Board-Master software, or the 13th Edition Study Guide, and the original registrant will be the person who receives access to the raw videos of the lectures after the conclusion of the conference.

PLEASE NOTE: The Goldfarb Foundation is unable to assume risk or responsibility for the exhibitors' and/or registrants' time or expenses should an act of God, government action, aviation disruption, disaster, weather, or other force beyond the control of the Goldfarb Foundation make it inadvisable or impossible to conduct this event. The registrant may wish to consider purchasing personal travel insurance to insure his/her expenses. Registrants affected by the cancellation may be given the opportunity to switch to another version of this meeting, if available, at no additional cost to the attendee. Travel and any other attendee-incurred expenses related to the cancellation will not be reimbursed by the Foundation.
